Vintage Hand Carved Brown Painted Wood Horse Sculpture, Sweden circa 1940

It is the very worn look that creates the wonderful appeal of this original painted and carved horse.

The brown paint has been worn off along the back, while the tattered leather ears and carved black painted mane reflect a simpler time. Real horse hair was used to create the tail.

Sold in used vintage condition.

Please examine the close up photos to understand condition and details, including worn paint, nicks, scratches, wood cracks and separation, etc. Wonderful vintage display item.
