Vintage Red Leather Wingback Chesterfield Loveseat Double Chair, England circa 1960

It is the deep red color of the vintage leather that captures your attention in this wonderful wingback Chesterfield loveseat or "double chair."

It has the traditional tufted buttoned back and nail head accents that create the drama one expects from this style.

The leather shows age related wear including scuff marks, impressions/creases, stains, crackling(especially along arms and seat cushions) which are typical in vintage leather, while the wood feet and frame show typical nicks and wear from use as well.

Seat Height:16.5"

Sold in vintage used condition; solid and stable, this wingback loveseat is ready to place and used.

Vintage leather may benefit from leather cleaner/conditioner which we leave to the discretion of the buyer.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
