Vintage Pine Freestanding Counter Kitchen Island With Wine Rack, Denmark circa 1960-80

This pine shop counter is a replica of those used throughout the 1800's in Europe. It has 3 cabinet doors revealing interior storage while the left section is designed to hold wine or other bottles.

This country sideboard could be used as a buffet or a kitchen island with its ample storage and beautiful paneled back which makes it free standing.

The entire pine cabinet is sealed with a satin wax finish; it is ready to be used and enjoyed.

Any scratches, cracks, dings, nicks or age related separation do not detract from the beauty nor function of this functional pine counter.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
