Original White Painted Carved Pine Horse, Sweden circa 1880

It is the very worn look that creates the wonderful appeal of this original painted and carved pine horse from Sweden. The white paint (and black hooves) has been worn and distressed to the pine below, while the tattered leather ears and horse hair mane/tail show some loss through generations of use all adding to the true vintage character of this delightful horse.

Sold in used vintage condition, secured to stand, solid/stable.

Please examine the close up photos to understand condition and details, including worn paint, nicks, scratches, wood cracks and separation, etc. Wonderful vintage display item.
