French Country Coffee Table with Two Drawers, circa 1820-40

The lovely patina of the aged wood glows in this coffee table from France. Two long drawers accent each end. Every scratch, nick, crack and aged separation of the three planks that comprise the top simply add to the vintage draw of this coffee table. Restored, solid, stable and ready for use, please take a moment to enlarge the photos and examine the details up close. Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
