## Pair of Rustic Antique Original Green Painted Solid Green Doors

Old doors are being used in new ways throughout homes today, and this pair of old original green painted doors will add a fun architectural element to any interior space. This pair of vintage doors can be used individually or attached together to create a larger "barn door" look, especially if one is looking for a wide barn door to use in a sliding door concept. The louvered pattern on the front creates a look reminiscent of vintage shutters, but the doors are solid as seen in the back photo. These doors are part of our "un-restored" collection and are being sold in "as is, used" original condition; how we found them in Europe. You are welcome to call us directly if you would like to learn more about this or other items, we will be happy to assist you further.
