Small Black Painted Swedish Tray Table

There is a tremendous amount of character packed into a small space in this unique English table with it's removable black painted metal tray. Notice the mother of pearl inlay that is inserted on the flat of the tray at each of the four folk art painted points. The wooden legs are gracefully tapered, connected by an x stretcher that adds strength and stability. There is some paint and inlay loss to each of the motifs which is commensurate with use and the age of this handsome table.
