Pair, Antique Pine Barn Doors, Perfect For Sliding Doors

Using old barn doors as interior sliding doors is a great way to add character and a personal touch to your home. This pair of barn doors has a unique look reminiscent of shutters, and the original wrought iron detail adds to their genuine vintage appeal. In addition to the long iron "strap" hinges, one of the doors still has an upper and lower lock which slides into place, should you decide to use the feature. The aged pine wood has been left with its original raw finish/patina. These doors are part of our "un-restored" collection and are being sold in "as is, used" original condition; how we found them in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
