Antique Single Pine Barn Door, Circa 1840 Lithuania

This old pine barn door is loaded with character thanks to the traditional diamond motif of the panels of pine and original hardware still attached. The pine has been stripped and left natural for a raw look, but you can add stain or paint if you choose. Add onto it, and it can serve as a sliding interior door or convert it into a large unique coffee table. This barn door is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
