Antique Vintage Barn Door With Starburst Pattern

A starburst pattern tops this antique barn door and grabs ones attention. The middle sections with original handle reminds one of old shutters, while the bottom creates balance with the look of roof shingles. The residual original paint is a rusty-brown on the front and white on the back side which add to the authentic vintage appeal. This wonderful old door is sold in as is condition showing expected age related wear, as most buyers of doors choose to adapt each to their own specifications.
