## Antique Large Oak Bookcase Display Cabinet From France

This large oak bookcase is statuesque in size and detail. At over 8' tall, the carved medallion, star, and heavy paneled accents add to its strong presence. Even the sides show off the attractive paneling. Notice in the detailed photos the "sawtooth" shelving which allows the shelves height to be easily adjusted. This bookcase is built in 2 sections, making it easier to install the heavy oak lower cabinet with two doors and the upper display cabinet with glass doors. Age related cracks and signs of wear /distress are expected in an antique that has been used for generations such as this. This antique oak bookcase is strong and stable, ready to be used and enjoyed.
