Swedish Pine Farm Table Dining Table, circa 1820-40

This farmhouse kitchen or dining table has European country charm thanks to wide leg trestle base.

The natural pine has been distressed through generations of use, adding depth to the character of the table. The many scratches, dings, stains and age related separation of the planks (see top) simply add to the authentic vintage appeal.

This farm table has been restored so it is strong, stable and ready for use. Finish has been left natural.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
