Blue Painted Cupboard With Adjustable Shelves, Hungary circa 1900's

This European country pine cupboard may be used as a small buffet, display cabinet or even bookcase. The original etched glass accents the decorative applied carving that accents the panels of this charming cabinet.

The newer professionally applied painted finish is a very light blue, but can appear white or even gray depending on the light. Interior with adjustable shelves and buffet top have been left natural pine, creating a warm contrast to the blue painted exterior. Restored, this cupboard (built in two sections) is stable and ready for use. Two keys are included as pulls only, locks do not function.

Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this lovely cabinet.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
