Blue Painted Chest of Three Drawers, Denmark circa 1840

Antique pine chest of three drawers, with carved fluted side columns and delicate carved accents along top all resting on tapered feet.

The professionally applied newer blue layered painted finish adds new life to this pine dresser and is slightly distressed to fit the age and grace of the chest.

Restored, strong and functional, this is ready to be used and enjoyed. Drawers function with use of two brass pulls on each. Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this lovely piece.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
