Swedish Mora Grandfather Clock, circa 1820-40

Graceful curves and unique lines create the attractive silhouette of this Swedish mora grandfather clock.

Newer professionally applied painted finish with layers of plum, white and gray are lightly distressed to fit the age of clock. Original clock face and hands included, clockworks do not function. Upon arrival, many clients opt to have a battery function locally installed for ease of use.

Wood longcase has been restored, is strong, stable and ready to be placed and enjoyed.

Any scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this striking grandfather clock.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
