Antique Pine Farm Table Dining Table with Trestle Base, Hungary circa 1900's

This 7' farmhouse dining or kitchen table has European country charm thanks to the unique X-stretcher base.

The natural pine has been distressed through generations of use, adding depth to the character of the table. The many scratches, dings, cracks, stains and age related separation of the planks simply add to the authentic vintage appeal. The metal support/bolt added to each end also adds a slight industrial vibe.

This farm table has been restored so it is strong, stable and ready for use.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed. Small holes /indentations on short ends of table indicate it may have been longer at some point.

With over 37 years of experience selling European antiques, our brick-and-mortar storefront, Round Top Ranch Antiques (located in Texas) offers one of the largest curated selections in the nation with over thirty-five thousand square feet of inventory to choose from.
