White Painted Pine Cabinet Cupboard, Sweden 1820-40

This European country pine cupboard may be used as a display cabinet or bookcase. The upper pane glass doors allow for ideal display of any collection held within. The newer professionally applied white painted finish is complimented by the contrasting interior with a shade of burnished red.

Restored, this cupboard (built in two sections) is stable and ready for use. Old locks do not work. We will add a tarnished brass pull to each door and an interior clip to hold each closed.

All scratches, cracks, dings, and age related separation (especially back planks) are reflective of age and do not detract from the beauty nor function of this lovely cabinet.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.

With over 37 years of experience selling European antiques, our brick-and-mortar storefront, Round Top Ranch Antiques (located in Texas) offers one of the largest curated selections in the nation with over thirty-five thousand square feet of inventory to choose from. We look forward to helping you find the perfect addition to your home or workspace. Thank you for visiting our online store!
