Pair, Gustavian White Painted Chest of Drawers, Sweden circa 1840-80

A pair of decorative Gustavian pine chest of drawers painted in shades of white, fitting their Swedish origin.

Canted fluted side posts with upper carved diamond medallion, raised carved diamond panels along the three drawers, all setting on four tapered fluted feet.

The newer, professionally applied white custom painted finish is perfectly distressed to fit the age and grace of this stunning pair of Gustavian chests.

Restored and ready for use, drawers function and open with two brass pulls each.

Any nicks, scratches, cracks, distress etc. is reflective of age and use and does not detract from the function nor elegant appeal of this striking pair of chests which may also serve as nightstands.

Please refer to professional photos to clearly understand finish, details, condition, etc.
