Original Blue Painted Small Cabinet or Nightstand, Sweden circa 1860-80

Small Swedish country cabinet standing on tapered/curved legs that may serve also as a nightstand or side table. The original blue painted finish has been distressed through generations of use, adding to its authentic vintage appeal.

A single drawer with divided interior rests above two simple paneled doors with fluted details. Skeleton key is used as a pull to open the drawer.

A twist knob on the right cabinet door is used to open and secure closed; left door stays in place with old original latch.

Restored, strong and stable. All nicks, scratches, stains, signs of wear are reflective of age and use and do not detract from the beauty nor function of this delightful cabinet.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
