Huge Architectural Salvaged Barn Doors With Sunburst, Hungary circa 1840-60

This large pair of doors make an impressive architectural statement standing 10' tall with a sunburst pattern in the upper section. Within the center of the sun pattern you see the monogram of HS. The worn patina of the grey weathered wood adds to the authentic vintage appeal of these incredible barn doors.

Sold in original used condition, wood is solid /stable. All nicks, gouges, separations, abrasions and distress add to the salvaged look of this amazing pair.

Measurements listed are for both doors side by side.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
