Pair, Gustavian White Painted Chest of Drawers, Sweden circa 1860-80

A pair of decorative Gustavian pine chest of drawers painted in shades of antique white with Greek key motif carved in upper top molding.

Canted fluted side posts with upper carved diamond medallion, raised panels with traditional diamond motif along the three drawers, all setting on four tapered fluted feet.

The newer, professionally applied white custom painted finish is perfectly distressed to fit the age and grace of this lovely pair of Gustavian chests.

Restored and ready for use, drawers function and open with two (new) brass pulls each.

Any nicks, scratches, cracks, distress etc. is reflective of age and use and does not detract from the function nor elegant appeal of this striking pair of chests which may also serve as nightstands.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
